"Dummy trips" are those mytaxi trips that are only made for the purpose of gaining payment by mytaxi in collusion with the taxi driver/taxi operator. Such "dummy trips" are suspected when multiple mytaxi trips are referred and invoiced at short intervals between the same parties (i.e., more than three "Payment by App" trips within 24 hours). If it suspects such behavior, mytaxi is entitled at any time and at its discretion, to block the parties without notice until the end of the campaign period or to delete the corresponding customer accounts. mytaxi will then inform the parties that the account has been blocked, providing the reason why and the expected blocking period.

(4) In the event of unjustified claims to mytaxi bonus campaign benefits, mytaxi shall be entitled to claims for compensation.

4. Promotion participation

(1) If you are using mytaxi already you need to save, if you have not already done, your payment data (credit card, PayPal) for the use of cashless payment on your mytaxi account and accept the passenger GTC for the mytaxi "Payment by App" function. You then save the voucher codes announced in the Email you got. If you order a taxi with the mytaxi App within the promotion period and the area of application named in section 2.3 you can end the tour and pay for it via the app.

(2) When you order a mytaxi-affiliated taxi during the promotion period and area of application using the mytaxi application and pay for your trip using the mytaxi taxi app with a deposited voucher code, you will automatically take part in the promotion. You can take advantage of the promotion multiple times during the campaign period, but only once per country according to the validity of your voucher codes.

(3) During the promotion the taxi operator will continue to receive the full fare based on the current local taxi rate regulations (in addition to any tip freely provided by you). When you participate in the mytaxi promotion, mytaxi will reimburse you to the payment method provided by you in the "Payment by App" function for half the amount invoiced to you for your taxi ride.

(4) This promotion cannot be combined with other offers, benefits, vouchers or rebates. The mytaxi bonus has no cash value, cannot be transferred and can only be used once per trip. The mytaxi bonus cannot be sold, resold or redeemed for cash.

(5) If you already have a voucher saved for a "First time payment by App" trip at the beginning of the promotion period, mytaxi will automatically select the voucher which expires first. If the promotion campaign is selected for your payment by the app, the voucher for your "First time payment by App" trip will expire without replacement and cannot be redeemed for cash. If there is a polygon discount

campaign going on the higher discount will be taken. You can always select the preferred voucher manually before the payment process.

5. Miscellaneous

If individual provisions of these terms and conditions are or become invalid, the validity of the remaining terms and conditions shall remain unaffected. It shall be replaced by a provision that best approximates the intent of the invalid provision.
